0000	Note Detector

You can feed 300 to 500 coins at a time into the device and can continue adding coins while it is counting.

Every mistake you make with money will cost you money! Luckily you can trust the infallible help of Baijia Coin and Banknote Counters.

They'll prevent expensive failures, awkward discussions with customers and will save you time and money. And because they are attractively priced you will earn your investment back quickly.

All Baijia machines are tested very thoroughly. That's why they are in use by numerous large, medium and small retail and service companies in the UK.

Quickly counting and sorting does not pose any problems for this model

either. It processes approximately 220 coins per minute. You can feed 300 to 500 coins at a time into the device and can continue adding coins while it is counting. When counting is completed, your mixed coins are sorted into the individual hoppers for bagging up.

You can also have this model bundle a preset amount of coins. This is as handy as it gets.

When counting is completed, your mixed coins are sorted into the individual hoppers for bagging up!

Part No.	Item
0000	Coin Scoop
0000	Cash Guard
0000	Note Detector

Simply stack your same value notes onto the hopper plate at the rear of the machine and counting starts automatically!

Money counting with Baijia was never easier. Can you count up to 16 notes per second? A money counting machine from Baijia counts effortlessly up to 1,000 notes per minute.

Unfortunately it is becoming more and more difficult to recognize 'fake' money these days. Counterfeit money is becoming more of a problem every day. The Baijia BJ-80 checks for counterfeit notes whilst doing its note count and will alert you to errors.

The 'size-detection' function verifies that all the notes in a stack of money have the same value. Memory, sum and bundling features and a large LCD display come standard.

All Baijia machines are tested very thoroughly. That's why they are in use by numerous large, medium and small retail and service companies in the UK.

KEY FEATURES
